Update a Genesys Cloud Do Not Contact list with the Genesys Cloud for Salesforce SDK

View the full [Genesys Cloud for Salesforce SDK DNC list example article](#) on the Genesys Cloud Developer Center.

This Genesys Cloud Developer Blueprint illustrates how to use the Genesys Cloud for Salesforce SDK to add the primary phone number of a Salesforce Contact to a Genesys Cloud Do Not Contact (DNC) list. The management of DNC lists is a crucial component to campaign management. In Genesys Cloud, you create and manage DNC lists. With the Genesys Cloud for Salesforce SDK, you can integrate these lists into your Salesforce organization.
